# Profile

JK Files & Engineering Limited, a subsidiary of Raymond Ltd enjoys leadership position as the world's largest manufacturer of steel files with a share of over 25% of global capacity in 2020, with a presence in over 55 countries. The company is the market leader in the files segment in India with a market share of over 60% by sales volume in fiscal 2021.

With trusted relationships that are built over the past seven decades, JK Files & Engineering has earned a reputation as a manufacturer offering expansive and versatile range of custom made files and tools as per BS, FS, ISI and DIN standards or as specified by customers. The company also has a strong presence in the Asian, African and Latin American regions and is the largest brand in the African market with a market share of over 50% by volume in steel files in 2020. In addition, it is amongst the leading players in the drills segment in India.

Our organization is backed by four ISO 9001-2015 certified plants strategically located at Ratnagiri & Chiplun in Maharashtra and Vapi in Gujarat. All plants are equipped with in-house rolling mills that ensure premium quality as well as easy product availability with wide spread of SKU's in the market. Our strong commitment to quality has helped us build an enviable reputation even in technologically advanced markets like Europe, USA and UK.

We export files and drills to Europe, Latin America, Africa, North America and Asia-Pacific under our own brand as well as white labelled products.

The brand 'JK' extends its rich legacy of technological know-how and expertise in manufacturing files and drills to quality products in Hand tools and Power tools categories. The expansive portfolio includes a wide variety of handheld electric powered and non-powered tools such as Marble Cutter, Angle grinder, Impact Drill, Electric Drill, Cut-Off Saw, Pliers, Wrenches, Hammers, Spanners, Screw Drivers, Iron Jack Planes, Hole Saw, Hand Hack Saw Blades, TCT Circular Saw, Sockets etc. Our objective is to simplify laborious tasks carried out by professionals such as carpenters, masons, plumbers, electricians, metal fabricators and MRO industry with high degree of efficiency and superior quality.

Building resilience through a resilient supply chain ably supported by local warehouses aligned to strong dealer distributor model. Our pan-India distribution network consists of over 730 active distributors with a retail reach of over 150,000 outlets spanning over 600 towns in India.

We Welcome you to the world of JK Superdrive
